TOMMY
She okay?

BEN
What do you think?

TOMMY
Everything she says matches up. The dating app... Someone used her camera to spy on her...

WITH TOMMY as he arrives in front of Lindy...

TOMMY (CONT'D)
Let's talk.

MOMENTS LATER...

Lindy joins Ben, who slides over the screen grab of THE MANNEQUIN.

TOMMY (CONT'D)
We tracked the URL he used. It was redirected to three different countries, one of which is a bulletproof host. Law enforcement won't get any cooperation. It's a dead end.

LINDY
Figures.

TOMMY
He knows exactly what he's doing.

Lindy motions to the computer...

LINDY
Can I use this?

TOMMY
If you promise to behave, and don't try infecting us with a spy virus.

Lindy shoots him a look as Ben turns to her.

BEN
You're fine.

Tommy & 2

Lindy pulls off a cord from around her neck. The locket is a USB DRIVE. She plugs it in, as several screens spark to life.

LINDY
What I am about to show is not exactly... legal.

TOMMY
Are you telling us so we won't be mad? Or you won't go to jail.

BEN
Show us.

LINDY
I hacked into Flirtual.

The FLIRTUAL app appears, as hundreds of profiles scroll on the screen...

TOMMY
Yup, that's not legal. We're mad.

LINDY
Three young New Yorkers have gone missing in the past three months

Three Flirtual profiles come on the screen: YOUNG, ATTRACTIVE NEW YORKERS... The last is Claire Becker.

LINDY (CONT'D)
Each had Flirtual profiles. Each went on dates. Each got disturbing texts from a nameless profile... Each person vanished.

THE SILHOUETTE OF THE NAMELESS PROFILE pops on screen. Thousands of texts stream past. Phrases are highlighted... "Who would you like it to be?" "Answer me!" "You disappoint me" "Playing perfect and then you're not" "CHEAT" "LIAR!!!"

Ben
Lindy, half of single New York is on that app.

TOMMY
And the not-so-single. And they all talk to one another just like that.

LINDY
(concerned)
Well, I think someone is using Flirtual to stalk, and maybe kill people.

TOMMY
A serial killer? RIGHT. You're
going to need more than a hunch.
